Event Attendees

We were excited to open the Forestry Museum for 8 days this summer, an increase from 2023.

A key event this year, was the opening of the seasonal exhibit "Texada: Copper Currents" curated by this year's cohort of Mini Curators (photo of the young curators with their exhibit above).

Collection Donations

Our large-scale collections project continued and was in Phase 2 at the end of the year.

The new shelves were installed - a huge milestone!

Since August we've been filling the shelves with artifacts. Artifact storage conditions have been tremendously improved.
